Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Monday 01 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Remaining settled and dry, but mostly cloudy.

This Evening and Tonight:
Clear spells in the west for a time before low cloud and fog patches form through the night spreading from the east. A chilly night with the chance of an isolated frost in sheltered areas. Minimum temperature 0 deg C (32 deg F).

Tuesday:
A cloudy day for most, with lingering fog patches. Some southern areas may see cloud break up, allowing for some sunny spells. Cold under cloud, milder in any sun. Maximum temperature 9 deg C (48 deg F).

Outlook for Wednesday to Friday:
Cloudy with a risk of heavy showers on Wednesday. Remaining largely cloudy on Thursday with the chance of some rain. Turning dry with sunny spells on Friday, although feeling cooler.
